

## 14-4 都市ガス供給状況

| 年度            | 使用量<br>(単位:m3) | 供給件数(契約数)<br>毎年4月現在<br>(単位:件) |
|---------------|----------------|-------------------------------|
| 平成13年度        | 12,443,745     |                               |
| 14            | 14,413,342     |                               |
| 15            | 14,990,569     |                               |
| 16            | 14,936,993     |                               |
| 17            | 15,267,191     | 8,727                         |
| 18            | 14,080,437     | 8,609                         |
| 19            | 12,619,450     | 8,526                         |
| 20            | 13,921,436     | 8,479                         |
| 21            | 8,620,852      | 8,479                         |
| 22            | 8,306,390      | 8,367                         |
| 23            | 8,680,597      | 8,338                         |
| 24            | 8,728,905      | 8,267                         |
| 25            | 9,614,867      | 8,280                         |
| 26            | 10,374,942     | 8,232                         |
| 27            | 10,427,912     | 8,156                         |
| 28            | 11,615,252     | 8,165                         |
| 29            | 12,007,223     | 8,244                         |
| 30            | 10,889,872     | 8,241                         |
| 令和元年度(平成31年度) | 10,868,668     | 8,258                         |
| 令和2年度         | 10,953,014     | 8,349                         |
| 3             | 11,170,938     | 8,352                         |
| 4             | 11,226,655     | 8,434                         |
| 5             | 11,605,438     | 8,414                         |
| 6             | 11,789,268     | 8,445                         |
| 7             |                | 8,457                         |
